This targeted donation supports current and future improvements and will be immediately tax receipted to the donor.

Your donation to High Meadow School supports everything beyond the basic operating expenses of the school. As a small, private institution we rely on the generosity of parents, community members and alumni to fund capital projects, program enhancements, special programs and hopefully a future endowment.

In the past, parents have individually approached the school and given a set amount as a gift. Sometimes this happens as a result of being aware of a particular need at the school. Sometimes parents will wait and support a particular fundraising event as a way to help out. This year, please consider including a set amount under ~~the~~ Working Capital Contributions if you are able. Any amount is very helpful and will be kept in strict confidence.

If you have a particular project you would like to fund, indicate your preference below:
